

It has come to my attention that the FCC is considering dropping the cross-ownership ban. In a country whose media ownership is shrinking by the minute, I was quit appalled to learn this. Giving more power to the media directly hurts the public and hurts the free speech our country was founded on. I urge you to not vote to allow one media company to own more than one media source within one city. I feel it is essential to cut freedoms of corporations in an effort to keep the freedom in this country in the hands of the citizens.
